DETAILED ACTION

Specification

1. The abstract of the disclosure is objected to because it is not included on a separate sheet containing only an abstract. Currently a copy of the 371 application cover sheet represents the abstract. Correction is required. See MPEP § 608.01(b).

Claim Rejections - 35 USC § 112

2. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

3. Claims 4, 5, 7, 9, and 17-19 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 4 is confusing because a “third” and “fourth” pair of chains are introduced, however, there are no first and second pair of chains.

Claim 5 recites the limitation "said at least third and fourth pair of chains" in lines 3-4. There is insufficient antecedent basis for this limitation in the claim.

Claim 17 is confusing because a “second conveying means” is introduced without a first conveying means being introduced.

Claims 18 and 19 are confusing because they introduce “fifth” and “sixth” pairs of chains, when there have not been a third and fourth pair introduced.

Allowable Subject Matter

4. Claims 1-3, 6, 8, 10-16, and 20 are allowed.
5. Claims 4, 5, 7, 9, and 17-19 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.

Conclusion

6. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
